GLAMOROUS and SPARKLING spaces*

Out of the blue

Watery colour is the starting point for a tranquil powder room.

STORY Jackie Brygel | PHOTOGRAPHY Simon Whitbread

POWDER ROOM *design notes*

VANITY Custom American oak shelf, Loughlin Furniture.

BASIN Boat basin in Mez, Slabshapers.

TAPWARE Lucia basin mixer set in Brushed Nickel, Abey.

WALL TILES Jericho limestone tiles laid in cobblestone format for splashback, Eco Outdoor.

WALLPAPER Meiro wallpaper in Marine, Walter G.

MIRROR Arch rattan mirror, Byron Bay Hanging Chairs.

LIGHTING Sperone wall light, Bastille and Sons.

ACCESSORIES Vase and object, Papaya.

Inspiration for this dreamy escape came easily to residential design agency Your Beautiful Home. Located in a new house on the South Coast of New South Wales, the guest pamper zone pays tribute to the seascape, courtesy of its standout hue.

"The home is by the beach in a bushland coastal community," says Your Beautiful Home's Anna Williams. "The powder room is small and we wanted to inject some wow

into it while keeping it serene and calming." That said, the design team didn't want to make it "coastal in a predictable or clichéd way", says Your Beautiful Home interior designer Nerida Thorburn.

Encasing the walls in Walter G 'Meiro' wallpaper was an inspired decision. "The colours of the wallpaper reflect the palette for the home," says Nerida. "The scale of the print also works really well."

A nature-inspired palette was chosen. "There are stone floors and splashback, a timber bench and a concrete basin with nickel tapware," says Nerida. "The cane mirror and raffia wall light reflect the coastal location, too." Adds Anna: "Its natural tones and textures make this room feel warm and welcoming."

TEXTURAL TRIUMPH

Befitting its setting, this laundry is a prime example of tactile style at its best.

STORY Jackie Brygel | PHOTOGRAPHY Simon Whitbread

Catering to a beach-loving family, the laundry in this holiday home on the NSW South Coast was always going to be robust and functional. But the team at residential design agency Your Beautiful Home was also intent on imbuing the room with a firm sense of materiality and detail.

“The laundry didn’t need to be big, but it had to be able to handle wet beach towels and sandy clothes,” says Anna Williams, owner of Your Beautiful Home. “We didn’t want anything too perfect, just a space that was good looking and low maintenance.”

The room features a wonderful melange of materials. From the crazy-paving stone flooring to the timber-look cabinetry and speckled-blue subway wall tiles, the design elements encapsulate the brief.

“The material palette is consistent with the rest of the home,” says interior designer Nerida Thorburn. “The floor is super-durable, the warm timber tone of the joinery was chosen to reflect the coastal bushland setting and the blue tiles add a splash of colour that makes the space feel welcoming.”

Best of all, the laundry has everything you need for a holiday home. “There’s space for a vacuum cleaner and broom, a washing machine and dryer, two hamper drawers, cupboards for cleaning products and a hanging rail,” says Nerida. “Beautiful leather wall hooks complete the look and provide additional storage for dog leads, beach towels and baskets.”
